

Government Contracting

Need a WBE-certified subcontractor?

Meeting supplier diversity and minority utilization requirements with efficiency drives business results

Remaining competitive in today's marketplace often requires the flexibility to meet stringent government subcontracting diversity and minority utilization requirements efficiently and cost effectively. In the private sector, supporting diversity through subcontracting partnerships is rapidly becoming a business and organizational imperative.

Finding the most qualified WBE, MBE or DBE subcontractors to achieve minority utilization hiring goals can be a complicated and time-consuming task. Many government and private-sector contracts include supplier diversity stipulations as part of an overarching objective to build stronger and broader communities of subcontractors and partners. Partnering with a staffing provider that has a proven track record of successfully meeting minority utilization goals can result in a tremendous competitive advantage.

Government Contracting Solutions by Mary Kraft—WBE-certified staffing that delivers optimal business value

As a woman-owned business, Mary Kraft is certified by the State of Maryland MDOT as a MBE, WBE and DBE, and by the City of Baltimore as a WBE. We are uniquely positioned to help
